HOOFLAND'S GERMAN BITTERS.
AND
Hoofland's German Tonic.

THE GREAT REMEDIES
FOR ALL DISEASES OF
THE LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixtures of any kind*.

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters, as stated, will use

Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic having the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or all of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEART-BURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERINGS AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED OR DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSTURE, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, DULL PAININ THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, ETC., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGININGS OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of those diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS
AND
HOOFLAND'S GERMAN TONIC.

PREPARED BY *DR. C. M. JACKSON*,
PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this, BITTERS, or the TONIC, an elixir that will instil new life into the system, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK & DELICATE CHILDREN

Are made strong by the use of either of these remedies. Do not fail to cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietors, but space will allow of the publication of but few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes:

Philadelphia, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly,

GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 20, 1868.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in cases of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for gentleness of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases* it may fail; but usually, I think, it will be very beneficial to those *who suffer from* the above causes. Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates St.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philada.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver. Yours truly,

E. D. FENDALL.

THE HEART THAT BEARS NO MORE.

In sorrow's deep and bitter vale,
And pain's dark, lonely night,
When grief and woe our bliss assail
And dim life's radiant light,
When everything we hold most dear
Is culled from beauty's store,
Oh! then I drop the silent tear—
My heart can bear no more.

Although a smile may wreathe the face
And seeming bliss be taste,
Though every movement's full of grace,
There may be lines of care.
Oh! look within the soul's deep cell,
And find life's blighting sore,
Her caskets keepeth secrets well—
My heart can bear no more.

A gentle act, a sunny smile,
A kind and cheering word,
The weary soul doth oft beguile
And its deep fount hath stirred.
A friendly, loving hand may save,
Or hold stern despair's door,
And keep from an untimely grave,
The heart that bears no more.

THE ROMANCE OF A LEAD MINE.

A correspondent of the Chicago *Republican*, describing a visit to the lead region of Illinois and Wisconsin, tells this story: "One of the richest mines in Mineral Point has a story of some interest. Many years ago a party of speculators, adventurers all, threw in number, bought up a track of land on which to demonstrate a theory in regard to mining which one of the party had originated. The other men, his companions and partners, were the money-men of the company, who had been duped by the one who had the pet theory. One entire season, from early spring to autumn, was spent in hard labor by these men. Their expenses were ruinous. No matter, it was all in vain; labor and money were alike unavailable, and when the winter of that year (1848) came on, they found themselves unable to proceed, and still very far from success. They "pulled up stakes" and went away to a neighboring settlement, where they tarried for a few weeks, putting up at the only public house in the place, hoping, as a last resort, to effect a sale of their property and utensils for a sum sufficient to help them out of the scrape somewhat. At length a stranger arrived at the same hotel. He was a Welshman, a miner of some experience, and honest and credulous as the day is long, but unused to dealing with sharpers, having traveled very little, and recently arrived in this country. He was looking about, undecided as to what branch of the mining business in this region he would engage in, if any. It was not strange, therefore, that three bankrupt speculators should succeed in roping in the believing Welshman, and induce him to purchase their old traps, together with the land. He purchased the whole for $300, and thought he had a nice thing, as the rogues had assured him that, having made a large fortune each, they cared little for the land on which it was secured. The poor fellow went out to his place in the dead of winter, wallowing through a deep snow all the way. Once there, he found only a wretched little cabin, which would but poorly shelter a man at such a season. However, he held on hopefully and patiently, confident that his day would soon come. So he was out the long, hard winter, and when spring arrived he was found at work with a will. In spite of continued failure, he kept on month after month, loth to leave all in which his money was invested. In time, however, just as the poor man was on the point of abandoning the place, a stranger came to his cabin. He was a geologist and a miner of practical experience. He had traced a rich vein of the mineral through a long distance, and located it at last right in the midst of the poor Welshman's possessions. The two men went to mining together, and before two years were the wealthiest men in the region.

A COSTLY RAT'S NEST.—Yesterday afternoon some workmen in the repair shops of the Louisville and Nashville railroad were engaged in repairing the end of an old box or freight car, when one of them, Mr. John Veeley, discovered a "rat's nest" in the lining of the car. Upon stirring up the "nest," he discovered and pocketed five $100 bills, three of which were interest-bearing notes. It was rather a costly bed for rats, and they had been living high at somebody's expense, for the most of it was mutilated to some extent.

How the money got there is a mistery. The car was used during the war over the road, and the general supposition is that some officer or soldier, perhaps "sutler," happened to be in that car when the train was attacked by guerrillas, and in a moment *of "temporary fright," slipped the* money between the lining and the outside of the car, and forgot it, or where *he put it.*

AN OREGON COURTSHIP.—A character in a well-known play says—"I never respect a man half so much as after I have fought with him." There is a good deal of human nature in the remark. An incident, illustrating this same principle, occurred lately in Oregon. A country school-master near Corvallis undertook to classise one of his pupils, a large girl, endowed with good health and plenty of muscle. A long and spirited contest ensued, the result of which was awaited with breathless interest by the entire school. The teacher finally reduced the spunky girl to subjection, but only after a gallant struggle on her part. The conflict, however, inspired them with such a mutual respect for each other, that a few days after they were married. We don't admire the Oregon style of courtship!

An exchange, in speaking of absent mindedness, tells a remarkably tough story of a bachelor friend. It says: "He is in the habit when he comes to his tea of putting the kettle on the stove, and taking a snooze until the kettle begins to sing, when he would get up and make his tea. The other evening, being a little prostrated on account of old Sinkin's daughter 'cutting' him on the street, he put the kettle on the lounge and got upon the stove himself, and never discovered his mistake until he began to sing."

Two Kansas boys were sent to purchase a watermelon, and as they were bringing it home said one to the other, "Don't let it fall, Billy, 'cos if it breaks we'll have to eat it right here, and can't take any home." Billy guessed it wouldn't hurt; but it did.

The important issues of the campaign will be fully and fairly presented.

Speakers from York and Adams will be present and address the meeting.

Oct. 23, 1868.

ADDRESS OF THE DEMOCRATIC STATE COMMITTEE.

DEMOCRATIC STATE COM. ROOMS,
901 *and* 903 *Arch Street,*
PHILADELPHIA.

To the Democracy of Pennsylvania:

You have fought a good fight.

You have polled a larger vote than ever before; have reduced the Radical majority of 1866 by nearly one-half, and have proven the immortality of your principles and the vitality of your organization.

Radicalism has carried the State by means of the grossest outrages; by openly and corruptly buying thousands of voters; by driving from the polls foreign-born citizens regularly naturalized many years since; by rejecting the votes of thousands who were legal citizens made citizens in the Court of Nisi Prius; by violating and trampling upon the seal of that Court—a recognized symbol of the law; by deterring legal voters from approaching the polls through threatened penalties for imaginary offences; and by the despotic and unscrupulous use of power by election officers in Radical Districts.

Under the specious charge of fraud upon your part, Radicalism has perpetrated the vilest frauds. Thousands of voters have been colonized, paupers assessed and voted, repenters hired and coated five times in Radical precincts, returns of election altered and manipulated to suit their own purposes, and fraudulent naturalization papers issued by the ream.

In the contest just closed you have learned their capacity for violence and wrong, you have tested the strength of their organization and discovered the weak points in your own.

With the experience thus gained in the school of adversity, we will go forward to victory.

The enemy are yet to be taught that outrage and fraud, violence and wrong cannot be perpetrated with impunity; they have yet to learn that you are either dismayed nor demoralized, and that in the pursuit of the right you know no such word as fail.

Arouse the people once more for the conflict. Bring to the polls every Democratic vote. For right and justice give back right and justice. For outrage and wrong return the full measure of swift retribution.

The work to be done is no holiday sport. It is the last battle for the salvation of the Republic, the preservation of the Constitution and the supremacy of your race.

Work and fight as men engaged in such a cause should work and fight.

By order of the Democratic State Committee,

WILLIAM A. WALLACE,
Chairman.

Prize Banner from the State to Cost $500.

I am directed by the Democratic State Committee of Pennsylvania, to offer to the county giving, in November, the largest per centage of increase over its Democratic vote in October, a banner, with appropriate devices, costing $500.

WILLIAM A. WALLACE,
Chairman.

THE Democratic National Committee, Hon. August Belmont, Chairman, has just issued a stirring address to the people of the United States. It will appear in our next. The Committee close with the declaration:

"Our cause is unbroken; our courage is unabated. Once more to the breach, and this time Victory!"

VOTE FOR SEYMOUR AND BLAIR.

PLAIN DUTY.

The duty of Democrats is plain. Though the recent election went against us, the Radical majority can be overcome.

Shall we not work for so glorious an end? Why falter in our duty now. Why lay down our arms when the battle is only half fought?

Radical misrule has afflicted this country long enough. Four more years of it will ruin all. Will the Democracy, the people, quietly fold their hands, and without opposition allow the Radical fanatics and thieves longer sway? It cannot be. The country needs economy, reform; it needs respect for the Constitution; it needs the restoration of the Union, as our fathers made it. All these needs can only be satisfied through the success of Seymour and Blair. Radical rule has been a cheat and a fraud. It cannot be anything else, if continued.

To work, then, Democrats and Conservatives, for your own interests and the country's welfare. Relax no effort, but keep steadily forward.

When the day of election, TUESDAY, NOVEMBER 3D, comes, bring out every vote. If any were left behind in October, see that they certainly vote in November. Labor and exertion can and will overcome all opposition.

There is material for a handsome increase in this county. Several of the heavy districts can do much better than they did. Let it be done!

Remember, "a full Democratic vote is a Democratic victory!"

FRAUDS! FRAUDS!

The Radicals are charging frauds upon the Democracy, but are unable to produce proofs of their assertions. On the other hand, the fraudulent operations of the Radicals are traced to the individuals who committed them. The evidence is so positive that there is no denying it.

Scores of Radical election officers have been prosecuted in Philadelphia for violations of law in various ways—one charged with altering a return so as to give the Radical ticket *sixty* votes more than it really had.

The colonization of Radicals from New York became so extensive that the leaders themselves became alarmed, fearing a detection of the plot. The *Tribune*, in order to divert attention, published a description of those leaving, and charged that they were Democrats. As no Democrats were sent on, this account attracted attention and led to an investigation, which revealed the fact that they were in the employ of the Radicals, and managed by an unprincipled individual named Walker, of the Nineteenth Ward, who returned to New York on Wednesday, and boasted that he had voted all his men in Philadelphia for the Radical ticket.

This is the honesty of the "God and morality" party.

HOW OHIO WAS CARRIED!

A correspondent of a N. Y. paper, writing from Cleveland, tells how the Radicals carried Ohio. He says:

"From information upon which implicit reliance can be placed, it is absolutely certain that not less than fifteen thousand illegal Radical votes were cast on Tuesday, besides an illegal negro vote of 8,000 in Northern Ohio. Carpet-baggers from Michigan, probably the agents of 'blood-letting' Chandler, swarmed North-western Ohio, while Ashtabula, Lake, Trumbull, and Mahoning counties were filled with the hirelings of the Radical State Central Committee from New York. Besides this, every negro from Pittsburg, from Indiana, Detroit, and thousands from Kentucky, were rushed into those counties where the Radicals have large majorities, and of course, manage things to suit themselves regardless of law—that 'Paradise' on God's footstool, the beautiful town of Oberlin, cast *three hundred and twenty negro votes on Tuesday*, and we find the Radical presses gloating over such a high handed outrage."

CAN YOU TELL US WHY?

If reconstruction is a success, why isn't the army withdrawn?

If the Radicals want peace, what are they arming the negroes for?

If the Radicals mean equal rights, why one currency for capital and another for labor?

If the negroes can vote of themselves, why pay the Bureau to teach them?

If the Radicals mean equal rights, what do they put the negro above the white man for?

If the Radicals mean impartial suffrage, what does their platform say one suffrage North and another South for?

If the Radicals want peace, what are they running their candidate on *his military merits for*?

Is it impartial suffrage to enfranchise the black and disfranchise the white man?

VICTORY CERTAIN.

There is nothing more certain, says the Harrisburg *Patriot*, than that the Democracy *can* carry Pennsylvania at the Presidential election, if they will.

The small majority obtained by the Radicals on the 13th can be overcome without difficulty.

The Radicals cannot colonize upon us to the extent they did.

They cannot bring their thousands from New York and scatter them over this State.

They cannot bring them from any other State, as the fifteen or twenty thousand colonized voters that went for them on the 13th, will all be needed at home on the 3d of November; for remember, the Presidential election takes place on the same day over the whole Union.

Then there are many who voted the Radical State ticket, that *will vote against Grant and Negro Suffrage*, or stay at home and not vote at all.

Then, again; large as our vote will prove to be on the State ticket, we can poll *at least ten thousand more* at the Presidential election.

We feel morally certain that this State and Ohio and Indiana can and *will* be carried for Seymour and Blair in November.

There is nothing to discourage:

There is much to cheer.

Let us all go to work, then, in earnest, work faithfully and zealously to the close, and the sun that rises on the morning of the 4th of November will be the sun of Austerlitz to the Democratic party.

Work! Work! Let work be the watch-word.

FRAUD IN INDIANA.

In Indiana the Radical Return Judges threw out the votes of whole districts where the Democrats had large majorities. By so doing they counted out Reid, a Democratic candidate for Congress, and secured the show of a small majority for their candidate for Governor.

GRANT stands convicted of breaking his word with President Johnson.—Can such a man be trusted?

The Democratic Fires Burning Brightly in Philadelphia—Large and Enthusiastic Meeting.

PHILADELPHIA, Oct. 18.—Last evening an immense meeting of the Democracy was held at the hall of the Democratic Association, at Ninth and Arch streets, for the purpose of reviewing the course of the Radical party at the election in this city on Tuesday last. The large hall in the second story was crowded by earnest and enthusiastic Democrats and Conservatives, and in order that all should hear and learn the facts an outside meeting was held in front of the building, on Arch street.

Colonel James Page, President of the association, was chairman of the in-door meeting. After a few well-pointed remarks, he introduced Hon. Charles J Ingersoll, who reviewed the October canvass and showed that the Democratic party had cause to rejoice, inasmuch as they honestly elected their ticket in Philadelphia, notwithstanding the great outrages upon naturalized citizens and the gigantic frauds of the Radicals. He said it was the duty of the great Democratic party to continue the canvass from now until the third of November with the same vigor and spirit that characterized the contest just closed, to present a united front and secure the election of Seymour and Blair.

Stephen J. Meany, Esq., of New York, followed Mr. Ingersoll. He read a stirring letter from Hon. S. S. Cox, wherein that gentleman urged the Democratic party, and particularly naturalized citizens, to beware of outrages which the Radical leaders are forcing upon them. Mr. Cox expressed his sympathies for adopted citizens who were deprived of their rights by the Radicals on last Tuesday, and his regret at not being able to be present and address the meeting.

The outside meeting was ably addressed by Mr. R. S. Tharin and others, and at a late hour the assemblage adjourned with loud cheers for Seymour, Blair and victory. F.

THE DUTY OF EVERY DEMOCRAT.

The election which has just passed does not decide the Presidential question. The battle as to that is to be fought over again on the third of November. The majority in this State for the Republicans is not a large one. The vote polled in this State is considerably over six hundred thousand, while the Republican majority is less than ten thousand. Then at the next election it only requires us to change one Republican vote *in every hundred*, to make a difference of twelve thousand in the result, and give Seymour the State by three thousand majority. In the State of Indiana the majority for the Republicans is only about one thousand; a change there of one vote in two hundred will give that State to Seymour. It is a very remarkable fact that the election of a President of the United States depends upon less than *six thousand* voters, in Pennsylvania and Indiana. In this State, we have only to pick up courage, and we can carry the State, and save the country from negro supremacy and military despotism in the South, and from bankruptcy in the North. Gen. Grant's own paper, the New York *Herald*, says the public debt has been increased in the last year $42,000,000, a debt of itself greater than the whole State debt of Pennsylvania ever amounted to; and this in time of peace, with enormous taxation on incomes, and on articles of food. We can easily carry Pennsylvania at the Presidential election; for now the Democratic party in the city of Philadelphia have been so elated by their late victory that they can treble their majority, and then when Perry, Northumberland, Lycoming and other counties we can name, double their majorities, as they can easily do, the State can be carried for the Democracy beyond a doubt. It only requires every man to stand up bravely for his country and do his duty.—*Patriot.*

WORK! WORK! WORK!

The New Castle (Lawrence county) *Democrat* of the 15th, says:

We could wish that the result of Pennsylvania's election had been different from what it now seems to be.

It can be made different in November.

Too much confidence was inspired in Democracy.

Too many of them believed that the State would be carried any how.

Too many threshed buckwheat on that day.

Too many of them husked corn on that day.

Too many of them made cider on that day.

Too many of them worked for themselves more than their party on that day.

Let our defeat in October stir us up to gain a victory in November.

Pennsylvania has always been Democratic.

Her Democracy has been defeated recently.

It seems to have been defeated on Tuesday.

Let Pennsylvania be redeemed in November!

You can do this if you will.

Let us work from now until the November election.

Work! WORK!! WORK!!

Let nothing be undone.

Let us reduce the already reduced majority.

Let us do all in our power!

We have everything to encourage and nothing to discourage us.

Duty commands us to work.

Let us work!

BE ASSESSED.

Democrats, you who were not assessed prior to the last election, see to it that you are assessed in time for the next election. *Go to the new Assessor.* He is the proper person to assess you.

GO TO WORK.

Let every Democrat in Ohio, Pennsylvania and Indiana go to work with a will to make each at least one convert. In such an event Seymour and Blair will be elected, and the country restored to constitutional rule.

IMMEDIATELY after the results of the State elections which took place on the 13th were announced, the country was startled by a proposition, set forth and advocated by the N. Y. *World*, favoring a change of the Democratic candidate for Vice President. The suggestion, however, received little favor, and the whole matter has been dropped.

BEAR IN MIND, that the Presidential election will take place on Tuesday, the 3d of November—one week from next Tuesday.

A VIGOROUS political canvass is going on in North Carolina, each party expressing confidence in its success.

OFFICIAL VOTE FOR SENATOR.

	Duncan (D.)	Dixon (R.)
Adams	3175	2929
Franklin	4265	4352
	7440	7181
	7181	

Majority for Duncan 259

OFFICIAL MAJORITIES FOR CONGRESS.

The majorities in the several counties composing the 16th Congressional District as shown by the official vote are as follows:

	Cessna (R.)	Kimmell (D.)
Adams		344
Bedford		326
Franklin		211
Fulton		320
Somerset	1345	
	1345	1201

Majority for Cessna 144.

LOOK AT THE FIGURES.—In 1866, the 16th Congressional District, composed of Adams, Bedford, Franklin, Fulton and Somerset, gave Wm. H. Koontz for Congress a majority of 645. This year it gives John Cessna 144.

In 1866 it gave John W. Geary for Governor a majority of 756.

This year it gives the Radical State ticket a majority of 842.

Keep the Democratic ball rolling.

THE Democrats gain three Congressmen in this State—Moffet in the Third District, Philadelphia, in place of Myers; Reading in the Fifth District, Philadelphia, in place of Taylor, and Foster in the 21st District, in place of Covode.

We also gain two Senators—Duncan in this District, in place of McConaughy, and Turner in Luzerne county, in place of Shoemaker.

The next Legislature will stand as follows: Senate, Radicals 18, Democrats 15. House, Radicals 61, Democrats 39.

CESSNA "thrashed" Kimmell in the joint discussions they had at Schellsburg, Bloody Run, and Waynesboro'. —*Repository.*

The only joint discussion between Cessna and Kimmell in this county was held at Waynesboro'. *How terribly* "Cessna thrashed Kimmell" there can be seen from the result of the election in Washington township. The majority for the Radical State ticket there is 78. *Cessna's majority over Kimmell is 57.* Where would Cessna be if joint discussions had been held over the whole district?—*Valley Spirit.*

IF the result in November depends upon Pennsylvania, that State has not decided it in favor of Radicalism. If precedents are good for anything, the State is as liable to change now in three weeks as it did when, after electing Democratic officers in October, Pennsylvania in November, 1840, gave her electoral vote to Harrison by the small majority of 349. All that now makes the small majority of Tuesday in that State, comes from fraud and colonization. In these directions the Radicals expended their full force last Tuesday. The colonists will be called home to vote in their own States, especially the "Boys in Blue" from this city who voted in Philadelphia. The money has been spent, and nothing like the effort will be made by the Republicans in November which they put forth in October. Considering the fact that the State now has been carried only by frauds which cannot be repeated, and relying upon the precedent that the State has been politically changed from October to November, as it was in 1840, there is reasonable ground to hope and, considering the small fraudulent majority to overcome, to expect that the Democrats will carry Pennsylvania next month. Rally for another charge!—*N. Y. paper.*

A COLORED CONVENTION.

A convention of the negroes of the nation is to be held at Washington on the 19th of January next. Their object is, first to secure the right of suffrage, and then, when that shall have been effected, the call asserts that *other rights*, of which the colored people are now deprived, will *necessarily be restored.*

The darkeys are looking ahead. Give them the right to vote, as the Radicals have done in the South, and propose to do in the North, and it will *necessarily* follow that, eventually, every other right possessed by the white man, civil, political and social, will be theirs.

Every man who votes on the third of November for Grant and Colfax, votes for negro equality, social, civil and political.

SPEECH BY MAYOR HOFFMAN.

WATKINS, N. Y., Oct. 20.—Mayor Hoffman addressed a large assemblage here to-day. In the course of his speech he said the newspaper proposition to change the ticket was made without his knowledge and without a consultation with the Central State Committee, or any leading Democrat of New York. The Democracy of the city of New York would stand firm for Seymour and Blair, and give them the largest majority ever given to any candidates.

LET the Democracy labor to poll a larger vote in November than they did in October. Let no Democrat who voted on the 13th instant, fail to vote on the 3d day of next month. Let there be a movement along the whole line. Let "the voice of an invincible courage" go up from solid Democratic ranks. Let us present an unbroken front to the foe and labor from the rising to the setting of the sun, and victory will yet be ours.

ON Sunday evening week two girls, accompanied by two small boys, were assaulted by negroes in the suburbs of West Chester, and torn away from the boys, forced into a barn, and one of them outraged. The girls' screams, and the little boys running for the police, probably saved the other. Some of the nearest neighbors started after the negroes, but were too late. The negroes are well known—one is just out of jail, and the other is a parson's son. One of the parties was arrested, but succeeded to make his escape from the constable, after being fired at.—*Evening Herald.*

"THE STRONGEST MAN?"

Cessna ran 198 votes behind the State ticket in this District. What immense popularity!

GOV. SEYMOUR has taken the stump. He will make a powerful impression wherever he may speak. Will Grant now open his mouth?

DEMOCRATS of Adams, the Radical leaders—those who have got want office—are active to get out their full vote. Let this be an incentive to you to work untiringly until 7 o'clock of November 3d.

A STIRRING ADDRESS.

We commend to the attention of our Democratic friends everywhere the stirring address, which we subjoin, from that sterling, unflinching, unterrified Democrat, Daniel Ermentrout, Esq., Chairman of the Berks county Democratic Committee. It covers every ground—it points out to all Democrats the course they should take. Read it attentively:

DEMOCRATS OF BERKS.—We congratulate you upon the magnificent majority you cast on Tuesday last, in favor of Democratic principles and the right. You have covered yourselves all over with glory, and forever blasted the hopes entertained by your opponents, that their principles will ever gain any firm foothold in your county. Fourteen thousand Democrats united, firm, and resolved to battle to the last, *constitute an army* which must always be invincible. It is true that the returns, as made, of the election in the State, do not indicate a Democratic majority; but it is also true that, had not thousands of legal votes been excluded by the high-handed usurpation of a desperate and dying party, under the promise of protection from the legal consequences of their crime, by those unhappily, at the present time, high in authority in our State, the beggarly majority of a few thousands claimed by the Radicals, would have been wiped out, and victory would have been yours. The Radicals cannot colonize this State in November. The votes will be needed at home. A Democratic vote in November as large as that which was polled on Tuesday last will give you the State. Notwithstanding these direct frauds and this open and shameless corruption, we have reclaimed and hold possession of the citadel of their strength, Philadelphia; and we have gained several members of Congress, and of the State Senate. Congressional districts which have heretofore given tremendous Radical majorities, have but barely elected their representatives. In the State of Ohio the most Radical members of the last Congress, with Ashley, the great impeacher, at their head, have been defeated; and the majority of 60,000 for Mr. Lincoln has been reduced to less than 15,000. The State of Indiana, at date of writing, is still in doubt. The Democracy claim it by a majority of 1,500; the Radicals by 900. We have there, too, gained in the Congressional delegation. It must be remembered, that these gains have been made, and these results accomplished against tremendous odds, and the most bare-faced and reckless injustice, fraud, and wrong. They are therefore triumphs of which we may well be proud. They are substantial results. They prove that the Grand Democratic Army of the Union is steadily increasing in numbers and in strength; that fraud and wrong cannot keep an abiding place in the land; that the sceptre of power is fast slipping from the grasp of the Radicals. A few more such victories, and they are annihilated. They will try to overawe you with a great noise and demonstrations over this hollow victory. Be not deceived. It is only a mask, to conceal their own weakness and their own misgivings. You have seen worse days than these. Rally once more then, men of Berks, around the Democratic standard.

Your brethren everywhere, are girding on their armor, afresh, for the fight. In your own county word has been brought to your own committee, that in many quarters our Democracy will do better in November. Away then with all doubt. Do not lose the ground you have already gained. Arouse for the fight. Sound the signal for the advance along your lines. March to the front in one solid phalanx, and your enemies, though now flushed with many victories, may on the 3d of November yet find their Waterloo.

DANIEL ERMENTROUT,
Reading, Oct. 16, 1868. Chairman.

NOT SURE.—The Radical leaders here are evidently not certain of Grant's success. We understand that they are announcing meetings for different parts of the county, in order to keep their rank and file well in the party harness until the 3d of November. They fear their dupes do not feel comfortable in the prospect of four years more of Radical rule, and unless bolstered up by appeals to party prejudice, may be persuaded by the "second sober thought," to turn from the error of their ways, and vote for economy and a white man's government. "That's what's the matter."

THE Radical press insists, with great unction and zeal, that the recent election settled the Presidential question; that nothing remains but for General Grant to walk over the course almost unsupported. There is nothing like proving faith by one's works. If they believe that, of course they will leave the Presidential question to take care of itself, confident that the result will be on their side. If they work with zeal and energy for Grant—and we have no doubt they will—they will afford evidence that their confidence is mere empty talk, and that they really have the greatest fears for his success.

A FULL poll of the Democratic vote will unquestionably give us Pennsylvania, Indiana, New York and enough States to ensure success. Let the Democracy put forth their full energies and they cannot be beaten. The recent State elections show that victory lies within their grasp. It can be won, if every man in the ranks does his whole duty.

EXACTLY SO.—A workingman remarked, the other day, that "the most ridiculous dispute he ever listened to was as to *how* the national debt should be paid? a debt which is increasing every day, and at this rate could never be paid at all!" That is a very natural conclusion—for unless the extravagance and corruption of the Radicals are soon brought to a stop, the country will be swamped beyond the hope of redemption.

TEN thousand dollars were squandered by the Radicals on the impeachment trial—a movement intended to put despotic power in the hands of such men as Butler, Ashley, and their associates. This is the way taxes are increased.

SEYMOUR and the abolition of the negro bureau; Grant and the maintenance of four millions of blacks at the expense of the North. Make your choice.

SEYMOUR and the reduction of the standing army; Grant and a large military establishment, and the arming of the Southern negroes.

SEYMOUR and frish liberty; Grant and the shilly-shally of Radicalism that permits Fenian patriots to die upon the gibbet.

TOWN, COUNTY AND SURROUNDING COUNTIES.

A Card.—Miss McCreary will open Winter Millinery, Tuesday, 27th inst.

Court.—The November Court will continue two weeks. List of Jurors in another column.

Declined.—Rev. C. A. Stork, of Baltimore, has declined the professorship in the Theological Seminary at Gettysburg.

Club Meeting.—The Seymour and Blair Club of Gettysburg will hold a meeting in the Arbitration Room on Monday evening next. The Democrats of the borough and vicinity are invited to be present. Several speeches may be expected.

Battle of Gettysburg.—An exchange says that Captain Davis, of the engineers, who has lately been associated with General Warren in the survey of the Upper Mississippi, has been sent to do topographically the battle of Gettysburg, of which he partook.

Dead.—Hon. Wilson Reilly, a well known citizen of Chambersburg, a former member of the Chambersburg Bar and an Ex-member of Congress from this District, is reported to have been found dead in his office in Pittsburg, one day last week.

Suicide.—Mr. William Miller, of Beechersville, this county, committed suicide by hanging, on Saturday evening last. He went to the barn about dusk, to feed a horse. Not returning as soon as was expected, a member of the family went in quest of him, and found him suspended by a small cord in the feeding entry.—Though the body was still warm, the vital spark had fled. His age was probably 65 years. He was a quiet and estimable citizen, and his sad end is mourned by a large circle of relatives and friends.

"Damages."—The "Damage Commissioners" were here Tuesday, Wednesday and yesterday, receiving claims for losses during the war. A large number of persons were in town, and of course many claims presented.

Our sufferers have thus been put to additional trouble and expense. Must it all go for nothing?

—There is street talk that the Commissioners will be back again in November, but we cannot vouch for its truth.

Accident.—The numerous friends of Mr. James Rider, of Cumberland township, will learn with regret that a severe accident befell him on Tuesday. He was engaged in cutting down a tree, and as it was about to fall, stepped aside, out of its way; but in nearing the ground, the tree struck a sapling, which caused it to careen suddenly, and striking Mr. Rider's right leg, broke it. Dr. O'Neal was promptly sent for, and he gave the case proper attention. Mr. R. is likely to be about again before long.

First Corps.—A number of the officers and men of the Third Division of the First Army Corps, who participated in the Gettysburg battle, were here on Tuesday, visiting different parts of the field. They were given a "reception" in Agricultural Hall in the evening. Gen. Dana, Gen. McFarland, and others, were called out, and responded in fitting remarks.

Railroad.—Work on the Horse Railway to the Spring is progressing finely. Ninety hands are now engaged upon it. At the present rate the grading will be finished in a month. The ties are being delivered, to be put down as soon as the road-bed shall be ready. It is hoped that nothing will interfere to prevent the immediate completion of the work.

The officers of this company are:

President, Robert McCurdy.

Directors, E. G. Fahnestock, D. Wills, R. G. McCreary, G. D. Smith, R. L. Hamilton and J. M. Emerson.

Hotel Company.—The company for the erection of a Hotel at the Katalysine Spring has been organized, with the following officers:

President, Robert McCurdy.

Directors, R. G. McCreary, D. Wills, R. L. Hamilton, E. G. Fahnestock, S Herlist and C. H. Buehler.

The foundations for the building are to be laid this fall, in order that it may be completed in time for occupancy at the opening of the next season. It is to accommodate 500 guests.

Emmittsburg Railroad.—The Emmittsburg Railroad project has been placed in good hands, and will be pushed with vigor. The following persons have been selected to manage the matter: Rev. Francis Burlando, of St. Joseph's, Rev. John McCloskey, of St. Mary's, Daniel G. Addelsberger, Joshua Motter, and John Biggs—all energetic, influential men.

Mining Company.—A new mining company has been organized at Littlestown, under the title of "The Calcine Company of Pennsylvania," with the following officers:

President—Martin Early, of Palmyra, Pa.

Secretary—J. L. Keeports, of Littlestown.

Treasurer—George Stonesifer, of Littlestown.

Directors—Daniel S. Early, of Hummelstown, and Messrs. Rather and Blocher, of Littlestown.

General Superintendent—William Yount, of Littlestown.

It is stated that the company has leased 1,000 acres of land in Frederick and Carroll counties, Md., on the line of the Western Maryland Railroad, and intend to develope the mineral resources of that region, which is said to be rich in hemetite iron ore, slate, various kinds of marble, copper ore, mineral paint, ochre, &c.

Property Sales.—Jacob Musselman has sold his Maria Furnace Farm, in Hamiltonban township, 130 acres, to George Ashway, of Franklin county, at $38 per acre.

The Executors of Nathaniel Grayson, deceased, have sold the Home Farm in Liberty township, 150 acres, to Wm. Bell, of Maryland, at $35 per acre; and Farm adjoining, 150 acres, to Paxton H. Reily, of Liberty township, at $44 per acre.

Now's the Time.—R. C. Cobean is now selling his Hats, Caps, Boots and Shoes, at greatly reduced prices, in order to make room for his Fall and Winter stock. Persons in want of any thing in this line should call. He also keeps a No. 1 article of Trunks, made expressly for his trade, Valises, Carpet and Oil Sacks, &c. The public will find at his establishment any thing they want in the gentleman's furnishing line. Give him a Call. Store on Chambersburg street, next door to Jacobs' Clothing emporium. Oct. 23 3t

Get your Photographs at Tipton & Myers', where you get them the cheapest and best. Tyson's old stand, and at them again!

Destructive Fire.—A gentleman at East Berlin, this county, writes us: On Sunday morning, (11th,) at 4 o'clock, our village was the scene of a destructive fire. The handsome and commodious store building owned by Rev. A. J. Delninger, and occupied by F. S. Hildebrand, acting as agent for Wm. S. Hildebrand, was totally destroyed. The building was one of the best and most elegantly finished in the county. The stock, consisting of dry goods, groceries, &c., valued at $7,500, was entirely lost.

Mr. F. S. Hildebrand also acted as Postmaster, and part of the building was used as an office. Nothing was saved except the post office desk and a few books.

It is scarcely necessary to say that the citizens made the most strenuous efforts to check the progress of the fire and save part of the stock, but all was of no avail.

The fire was with great difficulty prevented from spreading to the adjoining properties of Geo. Mundorff and John Skidmore, the former of whom sustained a loss of seventy-five or one hundred dollars.

The store room was insured in the Home Company, New Haven, Ct., to the amount of $2,000.

The stock was insured in the Home Company, New York, for $2,000. This amount was promptly paid by the Company. The General Agent, T. P. Stowell, and the Local Agent at York, T. K. White, visited the scene of the disaster on Monday, and before leaving gave a check covering the insurance.

The stock was also insured in the Farmers' and Merchants' Fire Insurance Company, York, and Maryland Fire Insurance Company, Baltimore; in each $2,000. T. K. White acts as Local Agent for all these Companies at York.

Michael B. Spahr, one of the Directors of the York Company, came to Berlin early on Monday morning, and deserves special mention for kindness and promptitude shown.

All of these Companies promptly and satisfactorily arranged matters, and gave the necessary papers to insure prompt payment.

From the appearance of the store upon entering, there seems to be little doubt out that it was the work of an incendiary, and that the store was robbed before being set on fire. The citizens merit and receive the thanks of those most deeply interested.

Millinery.—Rosa Monfort, Hunterstown, informs her friends and the public that she has just returned from the city with a choice stock of Millinery goods, which she will sell at cost—continuing the millinery trade at the same time. 2t

The Morning Glory.—Col. C. H. Buehler has received a large assortment of these famous base-burning Stoves, which on the score of economy, cleanliness, easy management, and general utility, stand unrivalled and defy competition. The great demand for them last season taxed the capacity of the manufacturers to meet the demand. They are much improved and will doubtless ere long take the place of all other stoves for parlor, office, store and shop. Call and look at them, at the Warerooms on the corner of Carlisle and Railroad streets, opposite the depot.

Also, on hand a full assortment of the best varieties of COOKING STOVES, including the Spear, Noble Cook, Waverly, Oriental, Washing, Barley Sheaf, Prince Royal, Royal Cook, Excelsior, &c. &c., all WARRANTED to be good bakers. If not satisfactory, they can be returned and the money refunded. Also, a large assortment of Hollow Ware and Tin Ware, Doty's Washing Machine and Universal Wringer. Call and examine. tf

Most Bitters of the present day that are loudly puffed through the newspapers as having great tonic and curative properties are vile compounds and base impositions, containing no medicinal virtues whatever, and are really very poor whisky beverages; and, instead of acting as a stimulant and tonic, have a tendency to weaken the stomach by entirely destroying the coating. The public should therefore be very cautious, and purchase none but *Roback's Stomach Bitters*, which have stood the test as a remedial agent for many years, and are really as their name indicates, a *stomach bitters*, and *not a beverage*. They combine the properties of the best tonic and stimulant—a gentle laxative, an efficient anti-bilious agent and the best stomachic known to the world, and, when taken in conjuction with *Roback's Blood Pills*, are the safest and surest preventive against all bilious derangements, thoroughly regulating the whole system and giving tone to the digestive organs.

They are highly recommended as an invigorating tonic to mothers while nursing, increasing the flow of milk, and for convalescents, to restore the prostration which always follows long-continued sickness, they are unsurpassed. No household should consider themselves safe from the ordinary maladies without these invaluable medicines. They can be obtained of any druggist. It

Now Is The Time.—Housekeepers can economize by laying in their winter coal at once, as freights are now lower than they will be a month hence, and Coal will necessarily rise. Persons desiring to save money, will do well to call at once on Col. C. H Buehler, who is prepared to furnish all kinds of Stove, Blacksmith and Lime-burner's Coal at lowest market prices. tf

IT is possible for the Democracy to carry Pennsylvania in November. For President, all the States hold the election on the same day. There will be no chance to repeat the importation and colonization of voters practiced on such a huge scale at the late election. The Radicals will need all their votes at home. Democrats, up and at them again!

Premiums Awarded.—Adams county was well represented at the Chambersburg Agricultural Fair.

Dr. T. T. Tate's horse "Cashier" took the first premium ($15) for the best thorough-bred stallion.

Charles Polley's colt (Young Cashier) took the first premium ($5) for the best yearling colt.

Dr. T. T. Tate's double team took the premium ($25) for the fastest double team. One of the horses in this team was the lately Thorse, of this place.

Geo. A. Codori's pacing horse took the premium of $25 for fastest pacing.

Miss Annie Smith took the Silver Cup for the best Lady Equestrian, having ridden "Cashier," on test.

LITTLESTOWN, Oct. 19, 1868.

Editor Compiler:—We saw an article in the *Star* last week saying the Democrats of this place borrowed the large flag carried in our delegation of a Republican. We pronounce the article an infamous lie, as the flag spoken of belongs to the citizens of Littlestown, irrespective of party, and was used by our Band, not only on that occasion, but on former ones. We know where the whole thing originated. "Little Eddy" got it up when he was down here, Saturday night week ago; but he was just as badly fooled in the ownership of the flag, as he was in the Republican majority in Littlestown.

ICE CREAM.

ONE TAKEN AND THE OTHER LEFT.—A telegraphic dispatch from Norfolk to the N. Y. Herald announces that Governor Wells, of Virginia, has commuted the sentence of Benjamin Jefferson, a negro, to imprisonment for life. The negro had been sentenced to be hanged on the 8th of October for an outrage upon Miss Sarah Ford. Perkins, a white man, who had been condemned to the same penalty for his participation in this outrage, was hanged. Thus the white man was taken and the negro was left. A political pretext for the difference in the fate of the two men has been assigned—"the Congressional district in which the outrage took place gives seven thousand negro majority." In view of this extraordinary case who shall say that the negro has no rights which white men are bound to respect?

ARKANSAS is well reconstructed. General Tom Ewing, Jr., of Kansas, says that of the Senators one was an original rebel until conscripted, when cowardice made him a Unionist, and the other one was a sutler in the army, and amassed a large fortune by gouging soldiers out of their money. The "Chief Justice" went from Kansas, deserting a legal wife and three children, taking up with a clay-eating woman down in Arkansas.

A RADICAL rebel had an old Democratic Unionist, 90 years of age, debarred from registration in St. Joseph, Mo., last week. The old man had lost seven sons in the Union army, yet was not "loyal" enough to vote.

THE negroes in the vicinity of Savannah, Georgia, have torn up the bridges on roads leading into that city, and also stretched ropes across the highways for the purpose of stopping travelers and robbing them.

THE New Haven *Register* claims a majority of 4000 in Connecticut for Seymour and Blair, and the Hartford *Times* puts it at from 3000 to 5000.

A GRAND Mass Meeting of the Democracy will be held at Westminster next Wednesday. Eminent speakers will be present.

ALL opposed to nigger bureaus and military rule, should vote for Seymour and Blair.

THE Radical majority in Ohio is less than 15,000, and in Indiana less than 1,000—immense Democratic gains in each.

ONE OF THE *BEST INVESTMENTS.*

THE

First Mortgage Bonds

OF THE

UNION PACIFIC Railroad Company.

850 MILES COMPLETED.

A limited amount of the First Mortgage Bonds of the Union Pacific Railroad Company are offered to the public, as one of the safest and most profitable investments.

1. They are a first mortgage upon the largest and most important railroad in the country.

2. By law they can be issued to the Company only as the road is completed, so that they always represent a real value.

3. Their amount is limited by act of Congress to Fifty Million Dollars on the entire Pacific line, or an average of less than $300,000 per mile.

4. Hon. E. D. Morgan, of the United States Senate, and Hon. Oakes Ames, of the United States House of Representatives, are the trustees for the bondholders, to see that all their interests are protected.

5. Five Government Directors, appointed by the President of the United States, are responsible to the country for the management of its affairs.

6. Three United States Commissioners must certify that the road is well built and equipped, and in all respects a first-class railway, before any bonds can be issued upon it.

7. The United States Government lends the Company its own bonds to the same amount that the company issues, for which it takes a second mortgage as security.

8. As additional aid, it makes an absolute donation of 12,800 acres of land to the mile, lying upon each side of the road.

9. The bonds pay six per cent. in gold, and the principal is also payable in gold.

10. The earnings from the local or way business were over FOUR MILLION DOLLARS last year, which, after paying operating expenses, was much more than sufficient to pay the interest. These earnings will be vastly increased on the completion of the entire line in 1869.

11. No political action can reduce the rate of interest. It must remain for thirty years—*six per cent. per annum, in gold,* now equal to between eight and nine per cent. in currency. *The principal is then payable in gold.* If a bond, with such guarantees, were issued by the government, its market price would not be less than from 20 to 25 per cent. premium. As these bonds are issued under Government authority and supervision, upon what is very largely a Government work, they must ultimately approach Government prices. No other corporate bonds are made so secure.

12. The issue will soon be exhausted. The sales have sometimes been half a million a day, and nearly twenty millions have already been sold. About ten millions more may be offered. It is not improbable that at some time not far distant, all the remainder of the bonds the Company can issue will be taken by some combination of capitalists and withdrawn from the market, except at a large advance. The long time, the high gold interest, and the perfect security, must make these bonds very valuable for export.

All the predictions which the officers of this Company have made in relation to the progress and business success of their enterprise, or the value and advance in the price of their securities, have been more than confirmed, and they therefore suggest that parties who desire to invest in their bonds *will find it to their advantage to do so at once.*

The price for the present is 102 and accrued interest at the rate of six per cent. in currency from July 1st, and subscriptions will be received in Gettysburg by the FIRST NATIONAL BANK and GETTYSBURG NATIONAL BANK, and in New York AT THE COMPANY'S OFFICE, NO. 20 NASSAU ST.,

AND BY

JOHN J. CISCO & SON, BANKERS, NO. 55 WALL ST.,

And by the Company's advertised agents throughout the United States.

Bonds sent free, but parties subscribing through local agents, will look to them for their safe delivery.

A NEW PAMPHLET AND MAP was issued Oct. 1st, containing a report of the progress of the work to that date, and a more complete statement in relation to the advertisement, which will be sent free on application at the Company's offices or to any of the advertised agents.

Hon. A. K. McCLURE, Philadelphia, Solicitor.

The Chinese Government having (through the Hon. Anson Burlingame) conceded to this Company the privilege of connecting the great seaports of the Empire by submarine electric telegraph cable, progress is now commencing rapidly in China, and laying down a line of nine hundred miles at once, between the following ports, viz:

	Population.
Canton,	1,000,000
Macao,	60,000
Hong-Kong,	250,000
Swatow,	200,000
Amoy,	250,000
Foo-Chow,	800,000
Wan Chu,	600,000
Ningpo,	400,000
Hong Kwan,	200,000
Shanghai,	1,000,000
Total,	5,910,000

These ports have a foreign commerce of $200,000,000, and an enormous domestic trade, besides which we have the immense internal commerce of the Empire, radiating from these points, through its canals and navigable rivers.

The cable being laid, this Company proposes erecting land lines, and establishing a speedy and trustworthy means of communication, which must command there, as everywhere else, the commission of the Government, of business, and of social life, especially in China. She has no postal system, and her only means now of communicating information is by couriers or mandarins by steamers on the water.

The Western World knows the China is a very large country, in the main densely peopled; but few yet realize that she contains more than a third of the human race. The latest returns made to her central authorities for taxing purposes by the local magistrates make her population *Four Hundred and Fourteen Millions,* and that is more likely to be under than over the actual aggregate. Nearly all of these, who are over the years old, not only can but do read and write. Her civilization is peculiar, but her literature is as extensive as that of Europe. China is a land of teachers and readers; and the latter are exceedingly quick to avail themselves of every proffered facility for procuring early information. It is estimated in Shanghai that the thirteen days' mail by the Overland Route, though it there transmits messages in English alone. To-day's communications from business men are owned by Chinese merchants, and are by them cordially cared for the translation of early intelligence. If the telegraph we propose will bring all their great sea ports, seven now in existence, it is believed that its business would pay for cost within the first two years of its successful operation, and would hardly increase thereafter.

No enterprise commenced under less than a great degree remunerative for capitalists, and to our whole people. It is a fact that national importance to commercially, politically, and even religiously.

The stock of this company will be held exclusively by responsible gentlemen and business men, at a dividable par value of $100 each, and will be issued in sums of $500 and upwards, as desired by subscribers. The New York *Times, Post, Express, Independent,* and in the Philadelphia *North American, Press, Ledger, Inquirer, Age* and *Evening Bulletin,* have kindly offered to take a limited number of shares each, payable in part in advertising, at the rate of one dollar per share per week, commencing December 1, 1868, on application to

DREXEL & CO.,

34 South Third Street, Philadelphia.

Shares can be obtained in Gettysburg by application at E. BAIR, Banker, who is authorized to receive subscriptions, and can give all necessary information on the subject.

OPTHALMIA,

Or, Inflammation of the Eyes, not unfrequently arises from a disordered state of the stomach; a few doses of Roback's Blood Pills will, in most cases, effect a cure by removing the cause.

SLEEPLESS NIGHTS.

As a remedy to soothe all nervous excitement, and in its truest sense, a *nervine,* there is, perhaps, no medicine extant which is received with so much favor as Roback's Stomach Bitters; a wine glass full on going to bed is all that is required to produce sound and healthful sleep.

ERYSIPELAS,

Or, St. Anthony's Fire, can be effectually eradicated by the use of Roback's Blood Purifier in conjunction with Roback's Blood Pills.

OPTHALMIA,

Or, Inflammation of the Eyes, not unfrequently arises from a disordered state of the stomach; a few doses of Roback's Blood Pills will, in most cases, effect a cure by removing the cause.

KEEP YOUR BLOOD PURE.

There are no remedies, now before the public, so well calculated to purify the blood and reconstruct (so to speak) the whole system as Roback's Blood Purifier, Blood Pills and Stomach Bitters.

LEUCORRHOEA,

Or, Whites, which follow local debility and constitutional weakness, can be effectually cured by the use of Roback's Stomach Bitters. Do not let the druggist sell you any other remedy, as these Bitters are prepared with especial reference to this complaint, and are warranted to cure.

BAD TASTE

In the mouth in the morning is one of the symptoms of a bilious condition or disordered state of the liver, and should not; for a single day, be neglected, as it is but the precursory symptom of a train of evils and the very seeds of disease. Procure at once Roback's Blood Pills, administer them according to the directions accompanying each box, and the difficulty and danger of disease will at once be removed.

NOT A BEVERAGE.

Unlike most of the bitters of the present day, Dr. Roback's are not intended as a pleasant stimulating whiskey beverage, but are perfectly medicinal, containing only sufficient pure bourbon whiskey to hold in solution the medicinal extractive matter from which they are composed.

WHO SELLS THEM?

The Agents for the sale of Roback's Blood Pills, Stomach Bitters and Blood Purifier are A. D. BUEHLER and J. M. HUBER, Gettysburg, Pa.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by all classes as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient and sure purgative. The obvious reason is, that it is the best pill that can be made, and far more effectual remedy than any other. Those who have tried it, know that it cures them; those who have not, know that it is just what they need, and that it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of its public, remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates, containing neither calomel or any deleterious drug they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver and other organs of the body, restoring their irregular action to healthy and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:

For Dyspepsia and Indigestion, Listlessness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Biliousness, Headache, Sick Headache, Jaundice or Green sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dysentery or Diarrhea, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, when caused by disordered digestion, as they sometimes are, a cathartic should be taken, and the proper remedy will then change these complaints to disappear.

For Worms and Derang

Farming and Housekeeping.

WHO ARE BENEFACTORS?

Wide-awake business men, who make work for themselves and others, men who are alive to the interests of the individual, the State and the Nation. Idle capitalists, who withdraw and lock up their means, are not benefactors; but, by "foreclosing" and shutting down the gates, actually compel honest industry to go into bankruptcy. On the other hand, Mr. Enterprise casts about, finds an opening where men and women may be profitably and usefully employed, as well for their own good as for that of the whole community, and he sets the wheels for a whole neighborhood in motion. This creates a demand for produce, which benefits the farmer, makes a market for dry goods, which benefits the merchant, and thus one helps the other throughout the entire ramification of society and the world.

The man who advertises the most liberally, who gives profitable employment to the greatest number of persons, and thus aids in the development of our resources, to enrich the world, is the *real* benefactor.

A Reader, would you be a benefactor? Then help those below you—or, we should say, those less fortunate than yourself—"to help themselves." Put them all in the way to earn or do something, and thus confer benefits upon countless thousands who are willing, but who have not the wherewith to set themselves to work.

There are so many ways of becoming benefactors, and all those ways are of immediate and permanent sources of personal benefit to the men who will engage in them, that we are only astonished that the world is not full of benefactors. The farmer who allows his fences to crumble down, his fence corners to grow up with alder and brake, and who, for want of time or disposition, only scalps instead of plows his hundred acres, rather than take fifty and work it well, only gets a partial crop of an inferior quality, and has little to show for his labor. Fifty acres properly cultivated will yield a large recompense to the laborer, more to the consumer and consequently a more liberal contribution to the general supply than hundreds of acres, worked as we have intimated. And who has traveled over this broad territory of ours which might be made a very Eden, in point of richness, and not been pained to witness the slothfulness that exists here and there all over the country. Well, such farmers are not benefactors. But might they not be? If such men were susceptible of impressions at all, we would naturally conclude that the innate selfishness of man would move him to activity in view of the extravagant price that every article of food commands at the present time. But, in some persons will not become benefactors when they have everything to gain and no risk by making the effort.

The man who is engaged in raising stock may in an eminent degree be a public benefactor, whilst at the same time he is adding to his personal wealth. Who is it that has not verified in his own experience that a good article is cheaper than an inferior one or at any price; and especially is it not needless applicable in the propagation and rearing of stock than in any thing else. It will cost no more to raise a thorough bred horse, worth $300, than it will to raise a runt of a bush-whacker, that would disappoint the man who buys him at $40. The same with the stock and beef cattle, sheep, hogs, and every other species of stock that is produced on the farm. Is there anything to lose in the improvement of stock up to a standard that will benefit the country at large—the man that buys as well as he that sells? But rather is not the man who strives to give everything about him a pleasant, cheerful appearance—and what else Is than improvement will do this—a benefactor?

We have some men in our country who are striving with commendable energy, and we add successfully, to elevate the standard in this respect. All honor to such. We have the other class also, what shall we say of them? Keep on till your stock dies out by natural process? No, we would rather say be benefactors.—*National Agriculturist.*

ROCKS ABOUT GRAPE VINES.—The *American Journal of Horticulture* thinks rocks are an advantage to grape vines. It says: The whole secret of the thing is, the rocks absorb the heat of the sun by day, and give it off at night; keeping the temperature about it more fully equalized. The same principle is observed in cities, where grape vines are trained in front of brick walls, which absorb the heat by day, and reflect it when most needed by the vine. We propose to test more fully the value of such treatment for the vine by placing stones about the roots of several bearing vines, in different parts of the vineyard where they failed last year to ripen a single grape.

EXPOSURE FOR GRAPES.—A writer in the *Country Gentleman* says: "We prefer first of all, for grapes, an easterly exposure; second a north easterly; third a north or south declivity; preferring a north eastern to a south eastern, and a northern to a southern. West of this we are not in favor of planting a vineyard. The same writer prefers a northern to a southern slope, and he gives these preferences as the result of years of unquestioned practical observation."

LOVE not your children unequally; for if you do, show it not, lest you make the one proud, the other envious, and both foolish. If nature has made a difference, it is a part of the Creator parent to help the weakest.

THE Radicals are parading the names of Prosper M. Wetmore and Hiram Walbridge as accessions to their ranks from the Democracy. They have been with the Republican party for the last eight years. Wetmore was one of the leading men to start the Radical commission programme for the government of this city, while Walbridge turned Republican several years ago because the Democracy would not send him to Congress.—*N. Y. World.*

So far is the spirit of our people from being cast down, so far are their hearts from being dismayed with the dread of a repetition in November of the adverse result of the October elections, that there rises up with an unanimous and unforced accord from every rank and every column of our gallant hosts the voice of an invincible courage, proclaiming their confidence that victory again and await to attain.—*World.*

SMOKING by ladies, in Boston, is on the increase. A prominent cigar dealer in the city says he sells an average of three hundred per day for ladies' use; and thinks a thousand per day at present are puffed by the fair ones. This shows that a decade of civilization in the wilderness is progressing.
